ABSTRACT: - *Public libraries are the people university. Public library should provide the service on the basis of equality of access for all regardless of age, religion, nationality and language. Haryana Public Library Act 1989 was passed by the Haryana Vidhan Sabha on Monday September 11, 1989 by them education minister Smt. Sushma Swaraj.*

INTRODUCTION

The importance of library in education can be appreciated property and precisely only if we try to understand the changing concepts of education of today.

Public library is an institution for the public, by the public and of the public in other words it is established for includes every citizen whether he is high or humble by birth or is rich or poor or is

powerful or meek or is male, child or old is highly educated or illiterate.

Public Libraries in India

Public libraries serve the public. Public libraries in India are established through the country and are located in state capital district headquarters and taluqas as well as village levels. Library tended to be passive and archival institution. Perhaps there was not enough in secretive for them to become dynamic Kumar (2002).

Need For Library

Public library suggests, it is for the people by the people and of people. The UNESCO manifesto on public libraries tells that public library is lib living force for education culture and information and as on essential agent for the fostering of peace and understanding between nations. The UNESCO public library manifesto 1994 emphasizes that the public is the responsibility of local and national authorities.

Necessary Elements of Library Legislation

Financial clause the act should spell out financial sources to ensure a regular flow of funds and their deployment. There should be a provision in the act to collect Library Cess from all possible sources.

Assistance in the searching or location of documents or use of library catalogue or understanding of reference book.

Suggestion for the development of public system:- It will also coordinate with other libraries a broad the development of public library system.

Hence the model library act formulated by RRRLF should be adopted on all India basis. This will contribute to national integration. (2002) Access to centralized purchasing of library materials, Supplies & equipment.

CONCLUSION:- It emphasizes the need for adoption of a national Library & information policy library act, establishment of an efficient administrative structure & provision of adequate resources for library service. The successive session aforesaid the home agrees in making any modification in the rules or the home agrees that the rule shall thereafter have effect as the case. To provide proper public library service to the remote area user, libraries have to modernize their facilities through networking so that the can render better service and resources sharing facilities to the user for all time. Every rule made under this section shall be laid as soon as may be after it is made before the house of the state legislative. It is very essential to provide the computers and different electronic equipment. A

long with library software packages at cheaper rates to the different categories of public libraries along with sufficient funds.
